CHILDREN AND YOUNG PEOPLE

A LONG-STANDING TRADITION OF EXCELLENCE

Training solutions for Children and Young People

Working with children and young people is often very rewarding; but it is also a highly responsible role. Our courses will help your employees to become great leaders, teachers and role models for the children they care for.

You can also be sure that your training is being delivered by experienced and dedicated trainers and assessors – all of our staff have experience of working with children and young people in a variety of child care settings and therefore they are highly knowledgeable about the legislation and laws which govern working with children and young people and can pass this experience onto your workforce.

Whatever your requirements, we can tailor-make a variety of courses to suit your needs, from one day courses, to full apprenticeships. We offer a wide range of high quality training solutions and qualifications aimed at improving the performance of your business.
