7. **What Funds May Be Used For**

Funds exist to help students whose access to or completion of education is inhibited by financial constraints or barriers.

The support available will be dependent on the student's personal circumstances, study programme and method of study. (e.g. full-time, part-time, traineeship).

Students may apply for funds to help with the following costs:

7.1 Childcare Costs

Students aged 20 or over, who are parents of compulsory school age children or under can apply for assistance with childcare costs. Students aged under 20 at the start of the academic year should apply for support with childcare costs through the Care to Learn scheme. Further information is available from Student Services.

Payments will only be made to Ofsted registered childcare provision and will normally be made direct to the childcare provider.

For one child, the total maximum award given is £4,937.50 per year (based on £125 per week for a maximum of 36 term weeks and £62.50 per week during College holidays). For more than one child, the total maximum award is £6,912.50 per year (based on £175 per week for a maximum of 36 term weeks and £87.50 per week during College holidays). College holidays cover the 3 half term weeks, Christmas and Easter holidays.

The award will only apply to the days on which the course runs.

The amount of funding available for childcare is limited and there is no guaranteed entitlement to the funds. In exceptional circumstances and where funds allow, the maximum award may be increased.

7.2 College Meals

Free College meals are targeted at disadvantaged students (see Section 6.4). Students will be eligible for a free meal to the value of £2.50 for each day that they attend study or activity that is part of their course. Where study takes place on main site, meals will be supplied through the College catering outlets. Where study or activity takes place off main site, alternative arrangements are made.

Free College meals may be awarded on a discretionary basis to 16-18 year olds not automatically entitled, and students aged 19 and above if there is a financial need.

On main site, all Bursary students are eligible for a free breakfast (as determined by the College) every day before 9am and free fruit throughout the day.

7.3 Course-Related Costs

Assessment of the level of support needed for each programme of study will be carried out in conjunction with information supplied by curriculum teams regarding course related costs. Bursary funds may be able to assist with costs where equipment is required to enhance a student's access to learning or to increase levels of achievement.

Payments will be made directly to the equipment or uniform provider where possible. If the student has already purchased equipment or uniform, payment will be made into the student's bank account by BACS, once evidence of purchase has been received by Student Services.

Where trips are supported, payment will be made through internal College transfers only. Where UCAS application fees are supported, payment will be made directly to UCAS.

The cost of Disclosure and Barring Service (DBS) check will be covered for co-funded 19+ students where it is an essential part of the study programme (e.g. Level 2/3 Childcare/Health and Social Care. 16-18 students, fully funded 19+ students or those funded by an Advanced Learner Loan will not be charged for a DBS if the check is required to participate in learning and an essential part of the qualification. 16-18 students completing work experience as part of their study programme can apply for support for DBS costs if the placement is for longer than 10 hours and a DBS is required.

All items purchased using Bursary funds remain the property of Nelson and Colne College and will be retained by the College.

7.4 Travel Costs

Support through Bursary funds with the cost of travel is available to eligible full-time students. Travel support will usually be in the form of a termly bus pass however the College will exercise discretion on this decision where another form of support is deemed more suitable or cost effective due to distance travelled. Any payments made for travel costs will be made into the student's bank account by BACS.

Students submitting a late Bursary application (after 19th October 2018) will not receive a pass for the full term. They will be issued with weekly passes to cover travel costs to the end of term. In subsequent terms, if passes are not collected by the end of the first half term (15th February 2019 and 24th May 2019), weekly passes will be issued.

If there are excessive demands on travel costs, priority will be given to students who live more than 2 miles from the main College site. Distance will be calculated using the shortest safe walking distance as identified on Google maps.

Students issued with a car park pass will not be entitled to a subsidised bus pass. A £10 fee will be charged for replacement bus passes.

Students with an EHCP can apply to the Local Authority for support with travel, if it is detailed within the plan. If there are any unforeseen issues with Local Authority assessments, students can apply for temporary support from the College Bursary.

Any exceptional circumstances and Special Educational Needs that do not meet the Local Authority Transport Policy will be considered during assessment and through the appeals procedure where necessary.

7.5 Course Fees

Students aged 16-18 are not charged fees related to tuition, registration or initial exams. Students will be charged for the cost of A Level examination re-sits or may be charged in other areas e.g. GCSE retakes to improve existing exam results. 16-18 students can apply for support with these costs. Each application will be considered on its own merit within the College criteria/ budget constraints.

Tuition fee support for 19+ students who are not fully-funded or are funding study through an Advanced Learner Loan is only given in exceptional circumstances. Students will only be supported where alternative means of financial support are not available and circumstances can be evidenced.

Co-funded 19+ students can apply for support with examinations fees.

Students who are eligible for an Advanced Learner Loan are unable to apply for financial support with course fees.

7.6 Additional Learning Support (Advanced Learner Loan students only)

Support through Bursary funds with the cost of Additional Learning Support needs is available to students who are formally assessed by Nelson and Colne College as needing support with learning. Awards are available each academic year to a maximum award value of £1500 per student however the College reserves its right to consider exceptional levels of need/ circumstances.

7.7 Emergency Support

Under certain circumstances students may face genuine emergencies (e.g. no accommodation, unforeseen costs or charges, theft or loss of possessions or money). In these cases students should contact the Safeguarding and Welfare team or Student Services either directly or via their tutor. Following consultation with tutor, student and Admin Services Manager every effort will be made to provide the financial assistance to ensure the student can continue with their studies. Under these circumstances it may not be necessary to provide evidence of family income and costs.

8. Guaranteed Study Bursary (GSB)

16-18 year old students in a defined vulnerable group (see Section 6.3) will be entitled to a Guaranteed Study Bursary (GSB) of up to £1,200 (pro-rata based on mode of attendance and length of course). In exceptional circumstances and where it is assessed that the student may need extra help to remain in education, further bursary funding can be allocated from the discretionary bursary fund. This will be at the discretion of the Safeguarding and Welfare Manager and the Admin Services Manager. However students may receive free College meals if they meet eligibility requirements.

The amount of Bursary received may be less than the initial award granted as weekly payments are based on good attendance, punctuality, behaviour and progress.

Students will meet with the Safeguarding and Welfare team to determine how the Bursary will be distributed (e.g. via equipment awards, travel passes, weekly awards). Details of the award will be recorded at the meeting.

9. Young Adult Carers

Young adult carers experience a range of difficulties and disadvantages which can potentially affect full-time study. Identified young carers will meet with the Safeguarding Officer to determine any financial need and additional awards may be supported for travel, trips and other course related costs in consultation with the Student Services Manager.

10. Capacity and Delivery Fund (Extended Work Placements)

Bursary funds will be available to support with extended work placements for 2018/19. This is one off funding to meet potential increased demand for help from any students who may need to travel further to access their placement and/or incur additional costs for equipment and clothing.

11. Making an Application and Eligibility Assessment

Application for financial assistance from College Bursary Funds must be made on the standard College Bursary application form. Application forms are available on the College website or from Student Services. All new full-time applicants will be sent details on applying in their joining instructions. Assistance with the application process, including completing the application form is available from Student Services.

Applications will only be processed from enrolled students as defined by the College. Students must make their application as soon as possible as funds are limited and will be paid on a 'first come, first served' basis. Before completion, students should read the notes on the application form carefully.

With the exception of the GSB, all applications will be processed by Student Services. All funds are means-tested and applicants will be required to provide evidence to verify total household income. Students applying for the Advanced Learner Loan Bursary for Additional Learning Support costs, or EHCP students eligible for Local Authority support and applying for temporary travel support ONLY will not be means tested.

Evidence of household income will usually be an up-to-date Tax Credit Award Notice or Universal Credit. If the household is not in receipt of tax credits, other proof of income related benefits will be required and evidence can include wage slips, self-assessment tax form and other documents.

The amount of support students will receive depends on their age (due to the level of funding College receives for different age groups), type of study programme and individual need.

In all other cases, the funding received will depend on individual circumstances. It will be necessary for students to discuss their circumstances with the Admin Services Team Leader, Admin Services Manager, Safeguarding Officer or Safeguarding and Welfare Manager, in order to agree a level of assistance.

The College will stop payments where students have been absent for a period of 4 continuous weeks or more (excluding holidays or if there is evidence the student intends to return) or where students have decided to withdraw from their study programme. The College may also retrieve money paid from the bursary fund where this has not been spent for the reasons it was awarded.

12. Record Keeping, Complaints and Appeals

Bursary application forms and all relevant assessment and payment documentation will be retained for 6 years.

Should a student or parent have any reason not to be satisfied with how the College has handled their application for bursary funding the College's Complaints Policy and Procedure should be followed. The Complaints Policy, Procedure and complaints form can be found on the College's websites (www.nelson.ac.uk or www.lal.ac.uk). Assistance can be provided by contacting the Student Services team. These procedures must be exhausted before a student or parent contacts the ESFA/SFA.
